

CONFIRMATION AT ST. JOHN'S CHURCH

BISHOP HORSTMANN OF CLEVELAND ADMINISTERED THE RITE.

Three Hundred and Fifty Formed the Class—Visiting Priests Assist in the Pretty Ceremony.

The Right Rev. Ignatius F. Horstmann, bishop of the Cleveland diocese, administered the rite of confirmation to about 350 children and adults at St. John's Catholic church, Tuesday evening at 7 o'clock. The members of the confirmation class formed in line and marched into the church, the girls occupying the west side and the boys the east. They filled nearly the entire center of the church.

The following priests assisted in the ceremony: Rev. E. J. Vattman, chaplain, U. S. A., deacon; Rev. Francis Senner, Louisville, O., sub-deacon; Rev. Father Gardner, Maximo; Rev. Victor Arnold, pastor of St. Peter's Canton; Rev. C. G. Schoenemann, pastor of St. Mary's, Canton, and Rev. P. J. McGuire, pastor of St. John's.

During the ceremony Mrs. Anna Biechele Whelan sang "Salve Regina," by Dudley Buck, and Miss Florence Wieleandt sang "Ave Marie," by Litz. Mrs. Anna Bolus Loichot, organist, played several selections. The members of the congregation sang the hymn, "Come, Holy Ghost."

After the ceremony had been completed the bishop spoke. He referred to the Calvary cemetery now being opened half way between Canton and Massillon, stating that at many places the cemeteries are being united. He then spoke of the sacrament of confirmation. He advised every boy to avoid the use of liquor, at least until he is 21, and to have nothing to do with any secret societies, saying that since the church did not approve of them, he should not approve of them; that what the church hated, he should hate, and whatever the church loved he should love.

In his sermon, the bishop said that every Catholic household should have a book on the Catholic doctrine, and that they should not be without a Catholic newspaper or magazine. He especially recommended the Catholic Universe, published weekly at Cleveland, as the paper that every family should receive.

After the sermon benediction was celebrated by Rev. Father Arnold. The ceremonies were concluded at about 9 o'clock.

The following is the list of the members of the confirmation class:

AT ST. PETER'S CHURCH.

A class of three hundred received the sacrament of confirmation at St. Peter's Catholic church Tuesday morning at 9 o'clock, administered by the Rt. Rev. bishop. Mass was celebrated in the presence of the bishop, prior to the confirmation ceremonies.

A special musical program was rendered by the choir under the direction of Prof. Emil Schelling. The following soloists took part: Mrs. Emma Frantz, Miss Emma Uebelhart, sopranos; Miss Eva Pfendler and Mrs. Anna Biechele Whelan, altos; Chas. and Edward Lang, tenors; Henry Falke and I. Helm, basses.

COMMERCIAL INTERESTS

Of Cuba are Favoring a New Treaty With the United States.

Havana, Oct. 17.—Representatives of Cuba's most important commercial clubs have united for the purpose of combatting any possible alienation of American favor from the United States, due to the proposed treaty with Great Britain and also urged negotiations for a new commercial treaty with the United States.

This afternoon members of the commercial organizations representing the Economic society, Friends of the Country, Planters league of Santiago, Chamber of Commerce, Tobacco Manufacturers' union, Havana Exchange, Havana property owners and other met and decided that they form an economic committee for the purpose of urging the government to immediately negotiate a new commercial treaty with the United States. This action was taken as clearly indicating that no matter what the government's feeling toward the United States may be the commercial interests recognize that the welfare of Cuba depends on its close commercial relations with the United States.

President Palma will give the representative an audience tomorrow.

Hill Gets Chicago Interests.

Chicago, Oct. 17.—James J. Hill, it was definitely stated today, has secured control of the Chicago Terminal Transfer railway company and will shortly use the Grand Central passenger station as a terminus for the Burlington system. From authoritative sources came the announcement that the Hill people had made a purchase of practically all the Terminal bonds and a large amount of stock from J. P. Morgan & Co., which has been buying stock in the open market for the last eight months. Morgan & Co. got possession of the bonds from E. H. Harriman, who disposed of them just prior to his leaving on a trip to Japan and the Orient.

THE ASPHALT TRUST

GENERAL GREENE GIVES IMPOR-TANT TESTIMONY.

Subpoenaed as Soon as He Arrived From Europe and Made an Interesting Statement.

New York, Oct. 17.—General Francis V. Greene, former president of the National Asphalt Co., and the New York and Bermudez Asphalt Co., arrived in this port from Europe today and immediately upon his landing on the pier, was served with a subpoena to testify in the suit brought by the Venezuelan government against the National Asphalt Co. to recover \$3,000,000, because of aid given, as alleged by the government to the insurgent Mathos.

General Greene was hailed before Deputy United States Commissioner Gilchrist and then gave the most important testimony yet elicited in the examination now going on in this country in the suit of the Venezuelan government. He was asked but one question and that was, if upon his return from Europe in 1901, he had any conversation with John M. Mack Avery D. Andrews or Arthur D. Sewell, as representatives of the National Asphalt Co. in regard to the correspondence with Manuel A. Mathos, or aiding and abetting Mathos in his revolutionary action against the Venezuelan government.

In reply General Greene made a statement of considerable length. He said that when he returned from Europe in 1901 he was told that Mack, Sewell and Andrews had decided to support Mathos in his contest against President Castro. He expressed the opinion that this was a great mistake and was not acting in good faith with the state department at Washington. He was told that the Bermudez company had already given Mathos \$100,000. Because of this statement, he, General Greene, did not again venture before the state department to press claims of the National Asphalt Co. against the Venezuelan government.

He told Messrs. Mack, Sewell and Andrews that the compact with Mathos would cost the company many times the sum already paid; that the company was not in a position to expend this money, nor would it accomplish any good as Mathos could not succeed and it would ultimately have known that the company had aided him and this would weaken its position before the Venezuelan government.

"I told them," said President Greene, "that in my judgment the proper policy for the company to pursue was to continue to rely upon the support of the state department at Washington. This they said was impossible, for they had already made arrangements to support Mathos, and if he should succeed as they thought he would, the company would then be able to protect its interests in Venezuela. In view of my position in the matter very little was told me of what action had been taken in support of Mathos.

"The business was transacted under the direction of Mack, Sewell and Andrews and largely without my knowledge, and certainly without my knowledge as to any details. While I was president of the National Asphalt Co. Mr. Mack and his friends controlled a majority of the stock. He was vice president of the company and at that time virtually in control of it. The company passed into the hands of receivers about two months later and after that I had practically no word in the management of the company. My connection with it terminated a few months later and for more than three years I have had no connection with any asphalt company of any kind whatever."

General Greene was not subjected to any cross-examination by James D. Lindsey, counsel for the National Asphalt Co. Rufus B. Cowing, Jr., counsel for the Venezuelan government.

JIU JITSU

No Good to Yamagata in Catch-as-Catch-Can in Canton Match.

John Billeter of Toledo, lightweight champion of Ohio, defeated Yamagata of Tokio, Japan, in a catch-as-catch-can wrestling match at the Grand Opera House, Tuesday night. Yamagata won the jiu jitsu part of the contest without any trouble. It took just 13 minutes for him to do it. He showed himself a past master in the Japanese art of jiu jitsu. But in the second part of the contest the Jap met his match. The Jap won the first round, but Billeter took the other two in ten and nine minutes, respectively.

Yamagata formerly held the championship for jiu jitsu wrestling in Japan. For some time he has been teaching the art to the members of the Toledo police force. Billeter is the man who, over a year ago, when Bert Chadwick was meeting all comers in Canton, defeated Chadwick. He then refused to give his name and was called The Unknown.

And the Negro Still Lives.

Edna, Texas, Oct. 17.—The grand jury today returned six indictments against the negro, Monk Gibson charging him in five cases with the murder of Mrs. J. Condit and her four children and in the sixth bill with criminal assault upon Mildred Condit, 15-year-old girl who was murdered. Judge Wilson insists upon all the formalities of law, consequently the negro cannot be tried.

SEVEN YEARS GIVEN MAN WHO CONFESSED TO ROBBERY

Lima, O., Oct. 17.—Elijah Bowsher was brought into common pleas court today and allowed to plead to the charge which had been made against him of robbing the American National bank of \$20,000 seven years ago. He pleaded guilty to the indictment and asked for all the leniency the court could give for the benefit of the family. He was not nearly as self-assured as on the first day when he was brought into the presence of the court, and he appeared limp and completely overcome by the weight of his guilt.

The court took very little time in disposing of the case. He handed the prisoner seven years in the penitentiary, the limit for the offense for which Bowsher was indicted.

WANTS SALARY

ACCORDING TO CONTRACT, THE ALLEGATION OF CARL GIESSEN.

Verdict of Not Guilty Returned in Case of Men Charged With Driving Horse to Death.

Carl Giesen, through Attorney Homer V. Briggie, filed a petition in common pleas court Tuesday afternoon against the Miller Pasteurizing company. He says that on Sept. 15, 1902, he made a verbal contract with the defendant company as traveling salesman at a salary of \$100 per month and expenses. Plaintiff states that he left the employment of the defendants on Jan. 5, 1905, and that at the time of quitting he had due and unpaid from the defendant \$398.62, which the defendants refused to pay. Plaintiff therefore asks judgment in this suit, with interest from Jan. 5, 1905.

In the case of Ohio against Robert Chaddock and Otto J. Lothamer, who are charged with driving a horse to death, a verdict of not guilty was returned by the jury. They were out about one hour. Humane Officer Frazier, who preferred the charges, did not appear to offer testimony. The horse was the property of the Campbell Livery Co. This case was started Monday morning, being the first on the criminal docket for the present term of probate court.

Probate Judge M. E. Aungst gave a fine of \$5 and costs to Henry S. Hammond, who pleaded guilty to the charge of administering anesthetics without a license.

A verdict in favor of the defendant was returned by the jury in the case of Caroline Studer against Wm. Stuart, started Monday morning.

Late Tuesday afternoon the case of B. F. Rickard, an Alliance groceryman, against Litsinger was started before Judge Ambler. The case concerns a disputed grocery bill. Attorney Miller represents the plaintiff and Attorney Roach the defendant.

FREIGHT WRECK

IN WHICH TWO WERE INJURED NEAR SALEM.

Read End Collision Results Disastrously—Brakeman and Fireman Hurt.

Early Tuesday morning a serious freight wreck occurred at the Grafton water plug, east of Salem, in which an engine was derailed and three tracks of the Ft. Wayne line were blocked for several hours.

One train had stopped to take water and the train following was unable, for some reason, to stop in time to avoid a collision. The caboose and seven or eight cars were broken up. Fireman William Stroup and Brakeman William H. Shriver were both severely injured. Brakeman Stroup was riding in the cab on the fireman's side and when the crash came had no opportunity to jump as did the fireman and engineer. The result proved providential, as he was less injured than the fireman, who sustained a fractured wrist and a badly sprained ankle, besides several severe cuts about the head and face. The brakeman had both legs scalded from the knees down, but his injuries are not considered nearly so dangerous as those of the fireman.

One Killed, Another Hurt.

Coshocton, O., Oct. 17.—The New York flyer, eastbound on the Panhandle, passing Coshocton at 6 p. m., struck Charles Fisher and Harold Miller at West Lafayette as they were standing on the track watching some boys jumping a passing freight train on the second track. Fisher was killed and Miller fatally injured. The former was a son of Dr. S. S. Fisher, president of the West Lafayette college, 18 years old and a sophomore in the school. Miller is the son of Charles Miller, a Panhandle clerk of West Lafayette, 18 years old and a student of Cochrans business college at Coshocton.

Hayden Bound Over.

Carrollton, O., Oct. 17.—Accused of selling ordinary endowment insurance as paid-up insurance by means of forgery and pocketing the difference in premiums, George Hayden, special agent of the Mutual Life Insurance Co., was today arrested and bound over to the grand jury. He is being prosecuted by the insurance company, and, though most of his work is in this territory, he says New York is his home. Hayden worked for the Equitable in Pittsburg until three years ago.

CIVIL SERVICE RULES

PRESIDENT ROOSEVELT PROMULGATES IMPORTANT AMENDMENT.

Cabinet Officers May Now Summarily Discharge Employees For Inefficiency or Misconduct.

Washington, D. C., Oct. 17.—The President today decided upon an amendment to the civil service rules which will hereafter permit cabinet officers to summarily discharge any employee in their departments for inefficiency or misconduct, when such is known personally to the cabinet officer concerned. Under the rule hitherto in force, an employee in such circumstances was entitled to a hearing before discharge. Following is the text of the new order:

"When the President or head of an executive department is satisfied that an officer or employee in the classified service is inefficient or incapable, and that the public service will be materially improved by his removal, such removal will be made without hearing; but the cause of removal shall be stated in writing and filed. When misconduct is committed in the view and presence of the President or head of executive department, removal may be made summarily and without notice.

"THEODORE ROOSEVELT."

Under the new rule cabinet officials will thus have absolute power of dismissal, but no more power to appoint than they have at present. It is said that the amendment was decided upon after the President had listened to a multitude of complaints from his "ministers," who had found the business of the departments retarded by various employees, who, while managing to keep within the civil service rules, were still totally unfit for their berths. Opponents of the new amendment argue that it will have a demoralizing effect upon the service, inasmuch as it will practically make every subordinate's place tenure dependent upon the pleasure of the department head, and will, therefore, put a premium upon bootlicking and toadyism. The President, however, has confidence in the honesty of his cabinet, and is certain that the new power in their hands will be exercised wisely and with the single purpose of increasing the efficiency of the public service.

CAUGHT BY TRAIN

JAMES LYONS CRUSHED TO DEATH BY A FREIGHT TRAIN.

Well Known Canton Man Was Working Along the Pennsylvania Tracks at the Time.

James Lyons, who for the past 32 years has been a resident of this city, was killed by an eastbound freight train on the Pennsylvania lines, Tuesday afternoon about 4:30, in the vicinity of Buck Hill, where he was working.

He had just pulled a pick from a track upon which a westbound freight was running, and after doing so he stepped onto the next track and was caught by an eastbound stock freight train.

His body was badly mangled and his head badly crushed. He was removed in Miller & Blanchard's ambulance. The train that killed him brought him to the baggage room at the depot, after which Miller & Blanchard's ambulance was called and the remains removed to their morgue.

For the past 32 years Mr. Lyons has been a resident of this city, and for the last 22 years he had been connected with the Pennsylvania Railroad Co. He was 59 years of age and is survived by a wife and three children, Mrs. Samuel Lyons, Mrs. Albert Johnson, Chas. and John Lyons. The funeral services will be held Friday morning at 10 o'clock at his home.

A Double Tragedy.

Coshocton, O., Oct. 17.—Family troubles led William Tuba, 62 years old to shoot and kill his wife tonight. He then committed suicide.

BUCKEYE STATE

HAS BEEN ROBBED OF THOUSANDS OF DOLLARS' OF LAND.

Canal Grab Has Been Responsible For the Loss and Action is Commenced to Recover Property.

Columbus, O., Oct. 17.—Ohio has frittered away many hundreds of thousands of dollars with canal lands, and now the state is compelled to go into the supreme court and fight to prevent other lands from being confiscated without consideration. Toledo and Cincinnati were both given valuable lands without consideration, and the Cincinnati lands were gobbled up by the Panhandle railroads, but was afterward compelled to step up to the captain's office and settle. Athens and Butler counties were also given slices, but they were not as valuable as the Toledo and Cincinnati donation.

Attorney General Ellis is preparing to file a quo warranto case in the supreme court to compel what is known as the "Electric Mule" to give up possession of the Miami and Erie canal, extending from Cincinnati to Toledo. The property in controversy is regarded as the most valuable part of the canal system of the state, or rather it was the most valuable when the company was given possession of the property. The lease was made with the understanding that the company was to thoroughly equip the canal with a system whereby canal boats could be propelled by electricity. The company invested considerable money in the scheme, but it proved a dismal failure, and since then no action has been taken and the company refused to recover the property to the state. It is about three years since the company ceased operation, and the state has waited all of that time for some action. Now the attorney general feels that the time for him to act has arrived. It is expected that the suit will be filed within a few days, or as soon as the necessary papers can be made out.

The outcome of the litigation will be watched by the taxpayers of Ohio with great interest for the double reason that the stockholders include some of the most prominent men in the state and the property is valued at several millions of dollars.

Races at Latonia.

Cincinnati, O., Oct. 17.—The fourth event for three year olds and upwards at one mile was the attraction at Latonia today. Ten horses started with Coruscate and Foxmeade equal favorites. White Plume, as usual, led the field until the run for home when Coruscate came with a rush in a drive from Pirate Polly. White Plume third. Foxmeade was never in the running and finished in the ruck. The third event for two year old maiden fillies went to Woggie Bug, the heavily played second choice. Blue Silk, the favorite, finished in the hunch. Track fast.
